TWENTY-SEVENTH ANNUAL CATALOGUE

BALLAY DAHLIA GARDENS

4309 El Camino Real

PALO ALTO, CALIFORNIA

PLEASE NOTE — When ordering please write NAME and ADDRESS plainly, also state date delivery is desired. It is better not to have roots delivered until you are ready to use them. As the stock of some varieties is limited and the demand this year is heavy, it is well to name some second choices. We do not substitute without permission. All shipments prior to April 1st, except on the Pacific Coast, are sent by Express Collect to insure against freezing. We do not sell green plants. Prices listed are for strong field-grown root divisions.

TERMS — CASH WITH ORDER or before date of shipment. On retail orders for California delivery 2½% Sales Tax should be added to the amount to comply with the Sales Tax Law. We guarantee that all roots sent are true to name and in good growing condition, but beyond this assume no responsibility. All orders are accepted with this provision.

EXPLANATION OF TYPES —

Informal Decorative (I. D.). Double flowers, full to the center, usually with long irregular petals.

Formal Decorative (F. D.). Double flowers, full to the center, usually with broad flat petals.

Cactus (C.). Double flowers, full to the center, with long, narrow, pointed petals, incurved, recurved or straight, and rolled at least half their length.

Semi-Cactus (S. C.). Double flowers, full to the center, with coarse, twisted petals, usually somewhat incurved, and rolled ordinarily less than half their length.

OUR NEW INTRODUCTIONS FOR 1948

(Illustrated on front cover)

GOVERNOR WARREN — Informal Decorative. Golden salmon shading deeper at the center. A new giant in the autumn color class that ranks with the very largest. A full, deep, broad petalled bloom well placed on a long rugged stem. This sensational new dahlia possesses real beauty as well as massive size. Named for our popular California Governor with his enthusiastic approval.....**\$15.00 Net**

CATALINA — Semi-Cactus. Bright rose red of the American Beauty shade. Fairly large flower most brilliantly colored that blooms early and most freely over a long period. Plant is of medium height, foliage is particularly attractive, and the numerous branches grow in such a manner as to require little dis-budding. It would be ideal for landscape work though none the less useful for exhibition or cutting. We consider this one of the most impressive of all our dahlias.....**\$15.00 Net**

HIGHLANDER — Informal Decorative. Scarlet-pink with a lighter reverse to the petals. "Watermelon" is the color visitors invariably called it. A very bright new shade of pink in dahlias as far as we know. This is not an extremely full flower but is very artistically formed. Tall, strong and easy to grow, as well as a continuous performer. Ideal stems and foliage.....**\$15.00 Net**

SPECIAL OFFER — One strong division each of the three above-mentioned new introductions for.....**\$40.00 Net**

FRIEDA GAYLORD

OTHER DAHLIAS OF OUR OWN INTRODUCTION

ALCAZAR — S.C. Deep fuchsia red or bright reddish purple. It belongs in the purple class according to the color chart, and the formation of the flower is frequently very close to the true cactus type. A nice large dahlia outstanding as to beauty and distinctiveness that blooms early and freely on the best of stems. New 1946.....\$5.00

AZURA — I.D. Rosy lilac with a bluish-violet sheen. A very large deep flower which has won several times as largest flower in the show with blooms measuring 12 to 14 inches. Plant is tall and strong and the blooms have a distinctive and interesting formation.....\$1.50

BALLAY ROUGE — I.C. Bright clear red. Fine petalled true type cactus in a very popular color. Size is large for a cactus, excellent form, perfect stems, a free and early bloomer. It has been outstanding in many parts of the country this year. New 1945.....\$3.50

BEAU BRILLIANT — I.D. Bright carmine. A truly brilliant color that is impressive both in the garden and show room. It is a large full flower, a profuse bloomer, and the plant growth is all that can be desired. Seems to thrive under all weather conditions.....\$2.50

BELVEDERE — I.D. Silvery pink, a clear true pink with lighter shadings. This is a huge flower with excellent substance. Stem is extra long, straight and strong. Plant is very vigorous and produces freely. New 1945.....\$3.50

BOSPHORUS — I. D. Burnt orange. Large, well-shaped flower of rare coloring. Reliable and satisfactory in all respects.....\$1.00

NIGHTINGALE

BUTTERFLY

BUTTERFLY — I.D. Henna-orange with reverse and center rosy mauve. The odd combination of color is new and has been the subject of much favorable comment. It is a large, well-formed flower with pointed petals, reliable and attractive. Prolific bloomer.....**\$7.50**

CALIFORNIA IDOL — I. D. Lemon yellow. Famous the world over. A very large flower with ideal habits that is seldom surpassed either for garden performance or for exhibition. One of the truly great dahlias.....**\$1.00**

CALIFORNIA PAGEANT — I. D. Bright gold with shadings of reddish bronze. Very large flower of very gay coloring. Strong, straight stems hold the well-formed blooms facing perfectly. Highest scoring dahlia at Storrs in 1946. Three blooms on one plant at the same time measured 13 x 8 inches.....**\$7.50**

CALIFORNIA PEACH — S. C. Bright coral or peach. Definitely attractive because of size and color. A little difficult to grow in some localities.....**\$1.50**

CALIFORNIA ROSE — I.D. Clear bright rose. Exquisite coloring, large, tall growing. Has been described as a good keeper when cut.....**\$1.00**

CONFUCIUS — S.C. Chinese red (bright coral red). This very striking dahlia is a real giant with many winnings to its credit. Few dahlias have achieved greater popularity and it doubtless ranks with the very best.....**\$1.50**

CORONADO — I.D. Bright rose magenta. An interesting and sturdy variety that should be more widely grown. Flower is large and of very attractive coloring with a good stem. Plant of medium height.....**\$1.00**

DOROTHY LAMOUR — Str. Cac. True orange. A dahlia of great charm because of its rare color and useful qualities. This is a distinctive variety that is much in demand.....**\$2.00**

- DRESDEN** — I.D. Clear pink lavender. An uncommon color and very pleasing. A grand old dahlia.....\$1.00
- ESPLENDIDO** — I.C. Reddish coral pink. True type cactus of a most attractive and unusual color. Very tall, strong growing and an abundant producer of fine blooms. One of the best cactus in commerce.....\$2.00
- EUGENIA BALLAY** — I.D. Rich cream. An early and free-blooming variety with good habits of growth. Good color. Fair size.....\$1.00
- EVELYN CHANDLER** — S.C. Golden apricot. A spectacular flower of fine coloring and great size. It has been a consistent winner in numerous shows, sometimes as largest bloom. Very desirable.....\$1.00
- FAVORITA** — I.C. Canary yellow. Best yellow cactus. The outer petals of this true type cactus fold well back to the stem. Bloom is of good size and stem is always good.....\$2.00
- FIRST LADY** — I.D. Yellow shaded orange. Large flower of fine form. Strong grower with attractive foliage and stems holding the blooms well above the plant. A very good variety.....\$2.00
- FRIEDA GAYLORD** — I.D. Rosy pink lightly shaded with gold. A magnificent dahlia of remarkable size and vigor. Will produce very large blooms through the whole season, some as large as 15 inches in diameter. Has won a number of major prizes in the leading shows in different parts of the country the past year. That it is one of the truly great dahlias of all time is our candid opinion. New 1946.....\$5.00
- GALA CALIFORNIA** — I.C. Scarlet orange. One of the best cactus. Attracts attention because of the bright unusual color. It will supply many fine blooms on good stems and seems to do well anywhere.....\$1.00
- GAYLORD BALLAY** — I.D. Pure white. A new giant white that has created a great sensation. Superlative size, vigorous, tall growing. Largest and purest white to date that is winning in strong competition.....\$2.50
- GERTRUDE LAWRENCE** — I.D. Light cerise red. Outstanding variety both as to size and color. Early to bloom. Plant of medium height.....\$1.00
- GRANDEE** — I.D. Light red shaded orange yellow. Noticeable because of its great size. Plant growth rather sparse.....\$1.50
- GRAND MARSHAL** — S.C. Reddish-violet. Large true type semi-cactus. Uncommon color. Particularly good in the late season.....\$1.50

ALCAZAR
